About Founders

VISION

Our vision is to provide a complete platform where the digitalization will be our priority. All businesses hold the digital world where the working facilities will be reliable. We encourage the local business trends towards Brand through digitization.

MISSION

The basic purpose of our company to start the social media usage towards business, those local business who are not moved towards the social media advancement and online recognition. This platform will digitally support the local brand or business to come on first through social waar.

HAFEEZ UR REHMAN (CEO)

This is me **Hafeez ur Rehman**, I worked under the supervision of eminent Celebrity photographer **Irfan Ahsan's team** I am highly creative photographer with 11 years of experience. Extensive experience of product photography, Weddings, Fashion shoots and also event photography. I shoot more than 0.5K weddings over a period of 05 years. I also maintained productive professional relationships with the wedding guests and also with bridal parties. I have experienced in latest techniques which involves Adobe Photoshop, Adobe Lightroom, Adobe Premiere and Adobe After Effects some other techniques used to enhance photos & Filming.

Beside this I worked as a social marketer from previous 4 years with the help of services provided by the Social waar or digital marketing services.

I believe in you that you will give me a chance to explore my skills and abilities.
